Conformation analysis result

A bit on the long side, nice scope, rather short between forelimb and hip, vertical femur, rather straight stifle. Her hind limb shape is of a type that has produced a number of Gr1 winners in the past but the rest of her shape is not quite of the same quality, which keeps her rating down to graded. Very different from the sire.

PRIORITY: **2**

FC Class Rating (Date):

No FC available

Optimal distance - Dirt:
8,5 furlongs

Priority rating - Classifications of maximal potential:
Grade I - 1 Grade II/III - 2 Stakes - 3 ALW - 4 CLM - 5

+ and - after the rating indicate if the rating is strong or weak

Note:

The ratings given above are a biomechanical description of the horse and are not intended to predict or guarantee a final race rating. Final race results depend upon the interaction between many factors.
